ABOUT AXEL’S EXCAVATIONS

Axel’s Excavations Pty Ltd is a family-owned civil construction and earthmoving business based in Bridport, Tasmania. Established in 2021 and led by owner-director Axel Hall, the business supports principal contractors, councils and developers with practical expertise, precision excavation and dependable project delivery.

CIVIL CONSTRUCTION CAPABILITIES

- GPS excavation and final trim
- Bulk and detailed earthworks
- Roadworks and formation preparation
- Stormwater drainage and trenching
- Subdivision and site preparation
- Dam and irrigation earthworks
- House cuts, footings and excavation
- Plant operation and material handling

EXPERIENCED LEADERSHIP

Axel brings more than 19 years of civil construction experience, including major Tasmanian infrastructure work completed through Boobyalla Earthmoving prior to establishing the company. His background includes site supervision, plant operation, road construction, GPS final trim and works in live traffic environments.
